COMPUTER SCIENCE & ENGINEERING

THE COLLEGE WITH A DIFFERENCE **CENTRE OF EXCELLENCE**

REDHAT LINUX

The Department of CSE has signed a MOU with Red Hat on10th Feb, 2018. We offer globally renowned certification programs on Enterprise Linux; Open Stack; Cloud, Virtualization, Storage; DevOps; OpenShift, JBoss. 30 students received RHCSA (Red Hat Certified Linux System Administrator) certificate after undergoing a 100 hour program spread over 12 Saturdays.

PYROFEROUS TECHNOLOGIES

The Department of CSE has entered into a Memorandum of Understanding (MoU) with Pyroferus Technologies, Chennai for internships and placements. The signing ceremony was done at Agni College of Technology on 31st July, 2018. M/s Pyroferus Technologies has conducted Workshop on Manual & Automation Testing for CSE Final Year students. The facilitators explored the various tools for testing the real time applications.

ROBOTIC PROCESS AUTOMATION POWERED BY AAU

NASSCOM rates Robotic Process Automation (RPA) as one among the 8 top disruptive technologies in IT demanding a workforce of 2 million professionals. This involves using software for automating redundant manual work in business places. Agni College of Technology trained 262 students in RPA, as per the training program of Automation Anywhere University (AAU), a global center of knowledge for digital workforce technology.

INDUSTRIAL RESEARCH AND PROJECTS

CSIR

Agni College of Technology (Chennai) is working together with CSIR & LIT Academy in developing AI/ML based algorithms for prediction of cancer, upon mobile and web platforms. This project is undertaken by a team of faculty and students from Computer Science and Engineering and Biomedical Engineering departments.

CSIR
Council of Scientific and Industrial Research

MANDO

Mando Automotive India Private Limited is a leading manufacturer and supplier of advanced, high performance Brake Systems in the country. Agni College of Technology proposes to develop an online performance management system. The system will be developed by the Computer Science and Engineering students of Agni College of Technology, Thalambur. The first phase of the application was delivered on 24th October, 2018, which is being tested by Mando HR department. In the second phase of the project, the feedback from Phase-I and additional functionality as required by the company, will be considered and designed.
