Seminar on "Research Methodology for Research Scholars"

Event organized by : CRD

Date of the event :22.12.2015

Resource Person:

Event Venue: Seminar Hall

Dr. P. Rajendran, Dean, RVS College of Engineering and Technology and Mr.Arun kumar, RVS College of Engineering and Technology.

Time: 4.00pm

Number of participants: 80

Report given by: Dr. Srinivasan Alavandar

The Centre for Research and Development organized a one day workshop for all the faculty members to facilitate the understanding of Research Methodology on 22ndDecember, 2015 at 4.00pm in the Seminar Hall.

Principal, Dr. S.R.R. Senthil Kumar, gave the presidential address and briefed the importance of Research Methodology.

Dean Academics, Dr. R. Rengarajan, gave the felicitation address and introduced the chief guest and resource persons, Dr. P. Rajendran, Dean, RVS College of Engineering and Technology and Mr.Arun kumar, RVS College of Engineering and Technology.

Resource person, Dr.P. Rajendran and Mr.Arun kumar, explained that the core objective of the workshop was to equip the research scholars with set of skills and potentiality to undertake the research very effectively in the disciplines of social science and to turn completed research into publishable material of high quality in the form of articles, journals and books. This workshop is designed to offer the practical guidelines and direct the researchers through all the stages of research from identifying a research problem to the submission of a dissertation, report writing and research article. The course intends to deal with variety of quantitative and qualitative research methods used in social science researches. It also gives exposure to data analysis with the help of software packages. The workshop consists of both theory and practical. By the end programme they are expected to develop conceptual clarity and practical knowledge to undertake quality research and writing good research papers field-reports and project proposals etc. The workshop commenced, after the registration of participants, introductions and Inaugural function.

Finally, Dr. Srinivasan Alavandar, Dean i/c, Centre for Research and Development, thanked the resource person Dr. P. Rajendran, Dean, RVS College of Engineering and Technology, for the valuable and informative speech.

Event organized by : IPR

Date of the event :25.11.2015

Resource Person Details:

Dr. M. Kanthababu, Director,
Centre for IPR – Anna University, Chennai.

Event Venue: Smart Room

Time: 9.30 am

Number of participants: 45

Report given by:Dr. Srinivasan Alavandar

The Intellectual Property Rights and Centre for Research & Development organized a one day workshop for PhD holders and PhD pursuing faculty members on "Intellectual Property Rights and Innovations" on 25.11.2015 at 9.30 a.m. in Smart class room.

The Head of EEE department, **Dr. Srinivasan Alavandar** gave the welcome address and introduced the chief guest and Resource person, **Dr. M. Kanthababu, Director, Centre for IPR – Anna University, Chennai.**

Principal, Dr. S.R.R. Senthil Kumar briefed the importance of research in the present scenario and motivated all the faculty members to dedicatedly focus on research.

Dean Academics, Dr. R. Rengarajan, gave the felicitation address and briefed about his patent.

Resource person, **Dr. M. Kanthababu, Director, Centre for IPR – Anna University, Chennai,** explained about the Intellectual Property Rights (IPR) and emphasized the importance of patents in terms of its benefits and career growth. He insisted that the idea should be novel, non-obvious and application oriented to be applied for patent. He explained IPR which includes copyright, patents, and industrial design rights, the rights that protect trademarks, trade secrets etc. He demonstrated the importance of thorough patent search in various search engines like USPTO, WIPO, Google patent search, Indian Patent Search etc before applying patent and explained how to search in various search engines with examples.

Finally, **Dr. Srinivasan Alavandar, HOD/EEE** thanked the resource person **Dr. M. Kanthababu, Director, Centre for IPR – Anna University** for the valuable and informative speech.

One day seminar on "Entrepreneurial Competency"

Event organized by :ED Cell

Date of the event :28/07/2017

Resource Person Details:

Mr. Deepak Shankar,

Director of Print360

Event Venue: Seminar Hall

Time: 10.30 am

Number of participants: 50

Report given by: Dr.S.Vijayananth

The ED cell organized a one day seminar on Entrepreneurial Competency on 28.07.2017 at 10.30 a.m. in Seminar Hall, exclusively for the students of ACT.

The entrepreneurship development cell coordinator Dr.S.Vijayananth gave the welcome address and introduced the chief guest and Resource person, Mr. Deepak Shankar, Director of Print360.

Principal, Dr. S.R.R. Senthil Kumar given felicitation address and he briefed about the inculcation, development, and polishing of entrepreneurial skills into a person needed to establish and successfully run the enterprise.

Mr. Deepak Shankar, Director of Print360 was given a Guest lecture on Entrepreneurship. The lecture was held on 28/07/2017.

Deepak talked about the things that are required before starting any business. He talked about viability and how much growth rate and how much you can grow in the initial stage. He talked about growth and survival of your business among competitor firms. He said that you must also look for profitability, investment and return on investment. If one will not take care about these three things, one can't survive in the market. He talked about the technological aspect too.

He spoke about the kinds of hurdles you can face on starting a business. He discussed about legality, documentation and taxation. He explained that how taxation affects our business. He also talked about refunding, time to run, overhead control, protocol etc. He explained everything with a practical angle.

He talked about different kinds of sources available for finance. He explained various sources like self, private, bank, venture capital, angel, partners etc. He said about what you should do, when you are doing business. He talked about working with deadlines, and one should anticipate competition, hiring right kind of people, and one should continue to keep analysing work as a long term effort. Long term effort or persistent hard work is my personal favourite and I have gained immensely by applying it in my life too.

Towards the end, he talked about the Lingos. These are most important for all the entrepreneurs and each entrepreneur must follow these Lingos.

Report given by : Dr. M.Sridevi

Agni College of Technology and Centre of Research and Development conducted One day seminar on "Opportunities on Energy Conservation and Energy Auditing" on 27.06.2017 at 9.30 am in Smart room.

Dr. M.Sridevi Head Department of Electrical and Electronics Engineering gave the welcomed the gathering and Chief Guest Dr. S.R. Sivarasu, Professor and Head, EEE Department, Sri Eshwar College of Engineering, Principal, Dr. S.R.R. Senthil Kumar, gave the presidential address and briefed the importance of energy savings.

The guest lecture started with details of electricity tariff and energy management relating with the day-to-day problems faced by the consumers. The session was made interesting with the powerful questions placed in front of students in a peculiar way. Later, Dr. S.R. Sivarasu explained about power quality and energy audits with real time examples taken from the projects he had worked with. Students felt the session to be very interesting and useful. The guest lecture created awareness among the students about the career opportunities in the field of energy audit.

Finally, Dr. Srinivasan Alavandar, Dean thanked the resource person, and gave a keynote to students.

ONE DAY NATIONAL SEMINAR ON "ETHICAL HACKING" SPONSORED BY THE INSTITUTION OF ENGINEERS (INDIA) WAS ORGANIZED BY THE DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING ON 22ND JULY 2017.

One day National seminar on “Ethical Hacking” sponsored by The Institution of Engineers (India) was organized by the Department of Computer Science and Engineering on 22nd July 2017. During the inaugural session, Dr.Venkatesan, Chairman, IEI Kanchepuram Local Centre (IEIKLC) welcomed the gathering. The seminar was inaugurated by Mr. Bharat S.Patel (Council Member of IEI & Chairman CPDB). His valuable address expressed the importance of ethical hacking in today’s evolving IT sector. Followed by him, The Guest of Honour Mr.Prasad Kolisetty (Director, 3Edge Solutions) highlighted the need of the hour by his thought provoking speech. Er. P. Rajamani, Council Member and Chairman of Electrical Division of IEI felicitated the event. Dr. S.R.R. Senthil Kumar, Principal & Hon Secretary of IEIKLC proposed vote of thanks. The main aim of the seminar was to know the importance and create an in-depth knowledge about network security challenges faced by the IT industry.

After the inaugural session the first technical session of the seminar was initiated by Ms. Madhubala, Livewire Technologies, she threw some light on the types of hackers, techniques and scenarios for penetration. She highlighted the hands on approach for phishing and honey pot exploitation.

The Second technical session of the seminar was conducted by Dr.Geetha, Professor, School of Computer Science and Engineering, VIT, Chennai. She gave an in-depth insight on types of Malware, System Recovery, the ways and means of analyzing a malware infection.

The entire day was buzzing with activities and the interactive sessions which provided a hands-on approach to deal with the challenges in IT sector and data privacy was soul stirring. As a part of this seminar a GAMEX event was organized and first and second prizes were awarded.

Er. Ramdoss, Hon Secretary of IEI-TNSC, Dean of Academics Dr. Srinivasan Alavandar, Head of the Department Dr. Srikrishnan, Dr. L. Jani Anbarasi Asso. Professor of CSE department and various department HODs, Faculty members and Director of Placement graced the occasion with their presence. Nearly 200 Participants from various institutions took part and got benefited from this seminar.

The valedictory session started at 3.15pm and the certificates for the participants and prize winners were distributed by the Hon Secretary of IEIKLC. The program ended at 3.45 pm with National Anthem.

Report given by:Dr. T.Anand

Guest lecture on "Intellectual Property Rights and Business Competitiveness in the Digital World" has been conducted for the faculty of Agni College of Technology by the resource person Dr.G.Geetha, women scientist under WOSC kiran IPR (DST). The details are listed below for your kind perusal.

The core area of the seminar is Intellectual Property Rights in Business. To understand the significance of the components of the IPR and using it effectively as a main part of business strategy is vital to attainment in the market place. Businesses need the IPR to protect production secrets or other useful information and continue forward of the competition. Digital Economy rewards those enterprises that are creative, innovative and understand the importance of the market for ideas. The Intellectual Property Rights provides the formal framework for protecting their knowledge, creativity & innovation. To maximize the potential provided the IPR one has to think beyond exclusive rights to IP assets." The seminar was inaugurated by the Principal Dr.R.Karthikeyan. Dr.G.Geetha, women scientist under WOSC kiran IPR (DST) was the resource person and she handled the topic effectively.

The IPR and Centre for Research and Development and Institution of Engineers, India- Agni College of Technology chapter organized a one day workshop for PhD holders and PhD pursuing faculty members on Intellectual Property Rights – “Advanced Patent Search” on 08.02.2020 at 10.30 a.m. in Smart class room.

The Head of the CSE department Dr. S.Saravanan gave the welcome address and introduced the Resource person, Dr Geetha Mohan Women scientist Trainee, WOSC Kiran IPR (DST), PFC, Technology Information Forecasting and Assessment council.

Principal, Dr. R.Karthikeyan briefed the importance of research in the present scenario, Advanced Patent Search and motivated all the faculty members to dedicatedly focus on research.

Resource person, Dr. Geetha Mohan Women scientist Trainee, WOSC Kiran IPR (DST), PFC, Technology Information Forecasting and Assessment council. She explained about the Intellectual Property Rights (IPR) and Advanced Patent Search in terms of its benefits and career growth. She said that patent searching is a complex process that requires some level of familiarity with legal language in which patents are written and also the vast information of patents stays out of reach of many researchers because of this complex language used in patents. She explained that the Patents cover solutions to problems faced by entire industries but the language used in patents makes it harder for researchers to reach those solutions. She

A one day "Seminar on Introduction to IPR and Patenting process"

Event organized by : Agni College of Technology	Date of the event : 25.01.2020
Resource Person Details: Dr Geetha Mohan Women scientist Trainee, Under WOSC Kiran IPR (DST) ,PFC , Technology Information Forecasting and Assessment council	Event Venue: Computer Lab (C4), Ground Floor, ACT Time: 2.45 pm to 3.45 pm.
Number of participants: 15	Report given by: Dr. T. Anand

Agni College of technology organized a one day seminar on "Introduction to IPR and Patenting process" for the final year students in the smart class room on 25.01.2020 at 2.45 pm to 3.45 pm.

Dr. T. Anand, Head IPR team welcomed the gathering and introduced the Chief Guest Dr Geetha Mohan.

Dr. Geetha Mohan who is also a Women scientist Trainee delivered the lecture with right flavour and spice so that the younger generation easily perceives the process of patenting. She emphasized on selective patent keywords that can give you results not specific to a particular title but to a broader patent scope. She gave few examples of patents which we wouldn't have imagined to be patented by someone.

One such example was the glowing cricket stumps. The audience were fascinated to hear the fund generated by that inventor worldwide. She also said even a small product like paperclip can be patented if the design is totally new and has greater flexibility to use than the previous versions. The participants were given hands on demo on patent search in their area of interest.

Later she explained about the difference between patent, trademark and copyright.

The workshop was concluded with the vote of thanks proposed by Mr. P. Purushothaman, AP Department of Mechanical Engineering.

Short Term Training Program on Artificial Intelligence and Machine Learning

About the ACT College of Technology

Agni College of Technology was established in the year 2007 by the **ACT Group of Institutions** and **Government of Tamil Nadu** for the purpose of providing high quality Higher and Technical Education.

3 Types of Education

- 1. Undergraduate Education in Engineering and IT
- 2. Postgraduate Education in Engineering and IT
- 3. Diploma Education in Engineering and IT

Other Key Features

- 1. ISO 9001:2015 Certified Institution
- 2. Affiliated to Anna University, Chennai
- 3. Approved by AICTE, New Delhi
- 4. Accredited by NBA, New Delhi
- 5. Approved by State Government of Tamil Nadu
- 6. Approved by State Government of Karnataka
- 7. Approved by State Government of Kerala
- 8. Approved by State Government of Odisha
- 9. Approved by State Government of West Bengal
- 10. Approved by State Government of Andhra Pradesh
- 11. Approved by State Government of Gujarat
- 12. Approved by State Government of Haryana
- 13. Approved by State Government of Jharkhand
- 14. Approved by State Government of Madhya Pradesh
- 15. Approved by State Government of Rajasthan
- 16. Approved by State Government of Uttar Pradesh
- 17. Approved by State Government of Bihar
- 18. Approved by State Government of Assam
- 19. Approved by State Government of Arunachal Pradesh
- 20. Approved by State Government of Manipal
- 21. Approved by State Government of Mizoram
- 22. Approved by State Government of Nagaland
- 23. Approved by State Government of Tripura
- 24. Approved by State Government of Meghalaya
- 25. Approved by State Government of Assam
- 26. Approved by State Government of West Bengal
- 27. Approved by State Government of Jharkhand
- 28. Approved by State Government of Chhattisgarh
- 29. Approved by State Government of Madhya Pradesh
- 30. Approved by State Government of Uttar Pradesh
- 31. Approved by State Government of Bihar
- 32. Approved by State Government of Assam
- 33. Approved by State Government of Arunachal Pradesh
- 34. Approved by State Government of Manipal
- 35. Approved by State Government of Mizoram

About ISTE

The Indian Society for Technical Education (ISTE) is the leading National Professional, non-profit-making Society for the Technical Education System in accordance with the motto of Career Development and Technical Education of Students and overall development of our Technical Education System. Being the only national organization of educators in the field of Engineering and Technology (ETE) effectively contributes in various spheres of the career development. The strength of ISTE is the strong sense of a team or technical education institutions in the country. At present, the ISTE has a wide base and an effective membership base consisting of 22000 job members, 2 lakh student members, 2700 individual members, 1000 Faculty Members, 1000 Branch Chapters at traditional level and 11 Branches at State level.

The major objectives of the ISTE are:

- 1. Providing quality training programmes to teachers and administrative staff of technical institutions to update their knowledge and skills in their fields of activity.
- 2. To assist and contribute to the production and development of high quality professional engineers and technicians needed by the industry and other organizations.
- 3. Providing guidance and training to students to develop better learning skills and personality.

Artificial Intelligence & Machine Learning

AI & Machine Learning is poised to usher the next wave of digital disruption, and organizations can prepare to take full advantage of the success in the field by covering a comprehensive range of topics from Machine Learning. This STTPS provides an overview of AI concepts and methods, machine learning and deep learning, and performance metrics. They learn the difference between supervised, unsupervised and reinforcement learning, be exposed to the state-of-the-art machine learning and classification algorithms that identify AI business applications. Machine Learning course will make you an expert in machine learning, a host of online webinars that will make you an expert in machine learning, a host of online webinars that will make you an expert in machine learning, a host of online webinars that will make you an expert in machine learning.

Event Venue: Smart Room

Dr. Srinivasan Alavandar PhD (IIT).

Time: 9.30 am

Number of participants: 35

Report given by: Dr. M.Sridevi

The IPR cell and Centre for Research and Development and Institution of Engineers, India- Agni College of Technology organized a technical lecture on Awareness on Indian Patent Rights and Publishing for PhD holders and PhD pursuing faculty members on 03.12.2018 at 9.30 a.m. in Smart room.

The Head of the EEE department Dr.M.Sridevi gave the welcome address and introduced the Resource person, Dr. Srinivasan Alavandar PhD (IIT).

Principal, Dr. R.S.Kumar briefed the importance of research and patent in the present scenario and motivated all the faculty members to dedicatedly focus on Patent and research.

Resource person, Dr. Srinivasan Alavandar PhD (IIT) explained about the Intellectual Property Rights (IPR) and emphasized the importance of patents in terms of its benefits and career growth. He insisted that the idea should be novel, non-obvious and application oriented to be applied for patent. He explained IPR which includes copyright, patents, and industrial design rights, the rights that protect trademarks, trade secrets etc. He demonstrated the importance of thorough patent search in various search engines like USPTO, WIPO, Google patent search, Indian Patent Search etc. before applying patent and explained how to search in various search engines with examples.

Finally, Dr. M.Sridevi HOD/EEE thanked the resource person for the valuable and informative speech.
