Naan Mudhalvan - TNSDC

SPOC Instruction Manual to nominate the students for the Full stack and Testing Training Program.

1. Login to Naan Mudhalvan portal using your User name and password.
2. Prepare a list of 100 students you would like to nominate for this

FullStack Developer and Testing training.

3. Prerequisites for the students.
 - 8th semester, any branch
 - Ideally, not in Computer Science /IT streams.
 - No Coding Experience
 - Students with Back logs (max 9 arrears)
 - Willing to get placed with the program
 - A strong desire to learn
 - Daily time commitment of 5 hours

11.30 to 12.30, 2.30 to 3.30, and 6.-7.30 after college hours

4. SPOC can make up to 50 nominations [only those who can commit to serious sessions] with the assurance that students will attend and complete the entire training.

5. Nominations end by January 20th, and the program begins by 23rd January 2023.

6. If there are any additional clarities you require, please email us at
support@naanmudhalvan.in

7. Please find the Letter of Assurance below. The same has to be signed
and sealed by your **College/ University Principal**.
