

1.4.1 Institution obtains feedback on the syllabus and its transaction at the institution from the following stakeholders

Students: As the primary beneficiaries of the educational process, collecting feedback from students helps the institution evaluate their learning experiences, pinpoint areas for improvement, and adapt teaching methods to better meet their needs. Supporting documents include Feedback Questionnaires, Sample Feedback Forms (Unfilled and Filled), Feedback Analysis, and Action Taken Reports.

	Index for Supporting Document
1	Students feedback on the syllabus and its transaction
a)	Feedback Questionnaires
b)	Sample feedback form- Unfilled
c)	Sample feedback form- Filled
d)	Feedback Analysis
e)	Action Taken Report

Student Feedback on Curriculum

1. How would you rate your overall satisfaction with the curriculum content?
2. Do you find the content of the curriculum relevant to your academic and professional goals?
3. How well-defined and understandable are the course objectives in the syllabus?
4. Do you feel that the curriculum adequately covers the necessary topics in-depth?
5. How valuable do you find hands-on projects in enhancing your learning experience?
6. what extent does the use of technology (e.g., online resources, multimedia) enhance your learning?
7. Is the syllabus easily accessible, and does it provide clear information on resources, readings, and assignments?
8. The opportunities for collaborative learning, such as group projects and discussions, contribute to my understanding of the subject.
9. How helpful do you find the feedback provided on your assessments in improving your understanding?
10. The syllabus provides sufficient knowledge & perspective in the respective branch.

DEPARTMENT OF BIOMEDICAL ENGINEERING

Report of Action Taken on Feedback from Students

Sl no.	Feedback	Action Taken
1	Need more helpful guidance and feedback on assessments to improve understanding.	Students were individually proctored and counselled on their shortcomings in each subject and were given coaching classes. Doubts were cleared whenever required.
2	More hands-on projects are required to enhance the learning experience.	Student suggestions were considered for project topics and more additional guidance and resources were allocated to enhance their learning experience. Students were encouraged to take up mini-project in subjects to enhance their understanding of concepts.

AY2023-2024

Department of Artificial Intelligence and Data Science

Report of Action Taken for Students Feedback from Faculty

S.No	Feedback	Action Taken
1	Need Industrial visit for the further understanding of the subjects in a practical way.	We've arranged an industrial visit to provide hands-on experience and help students understand the subjects in a practical way.
2	Need suggestion to take valuable online course and continuously track the progress.	We've recommended students take online courses related to their syllabus for extra learning. Regular class tests are being held to track their progress and help them improve.
