

## **BEST PRACTICE – II**

### **MOOC - ONLINE COURSES**

The main purpose of online or MOOC courses is to enhance student's and faculty skill development in emerging technologies. Students are encouraged to take additional courses each semester to stay updated with current trends.

#### **OBJECTIVE**

Agni College of Technology (ACT) incorporates Massive Open Online Courses (MOOCs) into its academic framework to achieve the following objectives:

#### **For Faculty:**

**Skill Enhancement:** To equip faculty members with cutting-edge skills and knowledge in their respective fields.

**Pedagogical Innovation:** To explore innovative teaching methodologies and techniques that can be integrated into traditional classroom settings.

**Global Networking:** To connect with a global community of educators and researchers, fostering collaboration and knowledge exchange.

#### **For Students:**

**Continuous Skill Acquisition:** To encourage students to engage in lifelong learning and acquire new skills beyond the traditional curriculum.

**Self-Paced Learning:** To provide students with the flexibility to learn at their own pace, accommodating individual learning styles and commitments.

**Specialized Knowledge:** To deepen students' understanding of specific subjects and develop specialized skills.

**Industry-Relevant Skills:** To acquire industry-relevant skills that can enhance their employability.

**Cultural Exchange:** To expose students to diverse cultures and perspectives through interaction with learners from around the world.

**Global Networking:** To build connections with peers and mentors from different countries.

## CONTEXT

The widespread availability of high-speed internet and affordable devices has made online learning more accessible to a larger audience. Platforms like Coursera, edX, and NPTEL offer a rich array of courses, interactive tools, and community forums, making online learning engaging and effective. The need for continuous learning and skill development has become paramount in today's rapidly changing world. MOOCs provide a flexible and affordable way to acquire new knowledge and skills. MOOCs facilitate global learning, enabling students to connect with peers and experts from around the world. ACT aims to improve the quality of education by providing faculty with opportunities to learn new teaching methodologies and tools. MOOCs offer students the chance to supplement their formal education, explore new subjects, and gain certifications. By actively participating in the MOOC ecosystem, ACT can enhance its reputation as an innovative and forward-thinking institution.

Students are encouraged to focus on courses related to recent technological advancements within their engineering disciplines. For example, Computer Science and IT students are encouraged to pursue online courses in areas like Cloud Computing, Data Science, and Machine Learning to stay competitive in the industry. The Mechatronics students are encouraged to do online courses in Robotics.

## PRACTICE

Agni College of Technology (ACT) encourages students to actively participate in online courses, both short-term and long-term, to enhance their skillset and knowledge base. At the beginning of every semester, the class advisors and HODs address students about the importance of online courses and the role of skill development through these platforms.

### **Short-Term Online Courses**

These intensive courses, typically lasting a day or a week, are often completed on platforms like Great Learning and Udemy. Students are encouraged to enroll in these courses to acquire specific skills or knowledge, such as programming languages, data analysis, or digital marketing.

## Long-Term Online Courses

Longer-term online courses, spanning one to six months, are pursued on platforms like UdeMy, NPTEL, and others. These courses provide a comprehensive learning experience, allowing students to delve deeper into subjects like machine learning, artificial intelligence, or cybersecurity.

## Recognition and Incentives

To motivate students, ACT recognizes and rewards their achievements in online learning.

**Daily Newsletter:** Successful completion of online courses is highlighted in a daily newsletter, showcasing the accomplishments of students.

**Skill Development Recognition:** Outstanding students who demonstrate significant skill development through online courses are identified at the departmental level.

**Fee Reimbursement:** Students who successfully complete NPTEL examinations, both student and faculty fees are refunded.

## PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

### For Faculty Members

Balancing online learning with other commitments, such as work or family.

Maintaining motivation and staying focused on learning objectives in a self-paced format.

Developing effective assessment strategies for online courses that accurately measure student learning.

### For Students

Access to reliable internet connectivity and suitable devices in home.

Balancing online learning with other college activities.

## RESOURCES REQUIRED

Access to high-speed internet and devices in home to ensure smooth online learning experiences after college hours.

**AGNI COLLEGE OF TECHNOLOGY**  
OLD MAHABALIPURAM ROAD, THALAMBUR, CHENGALPATTU, TAMILNADU - 600130  
Url: <http://www.act.edu.in/>

- SPOC Name - DR.K.RAGUPATHY
- Designation - ASSISTANT PROFESSOR
- Partnering since - 2016-01-07
- College Id - 333 Institute Type - ENGINEERING, TECHNOLOGY AND MANAGEMENT

NPTEL is very happy to be associated with AGNI COLLEGE OF TECHNOLOGY institute and its students. We are thankful to DR.K.RAGUPATHY for being a pillar of support in NPTEL initiatives.

Agni college of Technology is actively partner of NPTEL Swayam.

Agni college of Technology NPTEL course statistics posted in NPTEL Swayam website.

## SAMPLE ONLINE COURSE CERTIFICATES

*The students have successfully completed Online course on Great Learning platform*

**DOMAIN  
CERTIFICATE**

This is to certify that

**ANAND T**

has successfully completed all the requirements for SWAYAM-NPTEL Domain Certification in

**Faculty Domain - Advanced**  
(Faculty)

The courses were completed in the period April 2024

  
**Prof. Devendra Jalihal**  
Chairman  
Centre for Continuing Education, IITM

  
**Prof. Andrew Thangaraj**  
NPTEL Coordinator  
IIT Madras

Roll No: NPTELDS24200000572

To validate and check scores:

**Course Details**

| Course Type        | Course Name  | Duration | Offering Institute | Course Timeline | Marks Obtained (Out of 100) | QR Code   |
|--------------------|--|----------|--------------------|-----------------|-----------------------------|---|
| core               | Effective Engineering Teaching in Practice                         | 4 weeks  | IIT Madras         | Jan-Feb 2023    | 88                          |  |
| core               | Ethics in Engineering Practice                                     | 8 weeks  | IIT Kharagpur      | Feb-Apr 2024    | 79                          |  |
| core               | Introduction To Professional Scientific Communication              | 4 weeks  | IIT Kharagpur      | Jan-Feb 2024    | 88                          |  |
| core               | Teaching And Learning in General Programs: Tag                     | 4 weeks  | IIT Bangalore      | Jul-Aug 2023    | 83                          |  |
| core               | NBA Accreditation and Teaching and Learning in Engineering (NPTEL) | 12 weeks | IIT Bangalore      | Jan-Apr 2023    | 83                          |  |
| Elective           | Designing Learner Centric MOOCs                                    | 8 weeks  | IIT Bombay         | Jan-Mar 2024    | 57                          |  |
| Elective           | Patent Drafting for Beginners                                      | 4 weeks  | IIT Madras         | Jan-Feb 2024    | 65                          |  |
| <b>Total Marks</b> |  |          |                    |                 | <b>522</b>                  |   |

**Criteria for certification in Faculty Domain - Advanced Domain:**  
 The candidate should complete the prescribed 5 core courses and 2 elective courses:

1. Scoring a minimum of >=55 marks in each course and should pass the courses this.
2. Average of all courses in the domain should be >= 80.
3. Sum of the duration of the courses should be >= 40 weeks.

Domain Certificate

*The Faculty got Certification of Appreciation of the requirements for SWAYAM-NPTEL Domain Certificates*

*The Faculty got Certification of Appreciation for being recognized as NPTEL- MENTOR*

*The Faculty got Appreciation during Annual day for successfully Mentoring Students NPTEL course*

*Facultys got Appreciation during Annual day for successfully completing NPTEL COURSE*

## EVIDENCE OF SUCCESS

The students and faculties who completed online courses and NPTEL certification is increased compared with previous years.

### FACULTY ONLINE COURSE COMPLETION

| Sl.No | Name of the Faculty  | Department | Name of The Course  | Course Organized By |
|-------|----------------------|------------|---|---------------------|
| 1     | Mrs.R.Beaula Jasmine | Civil      | Development and Applications of Special Concretes             | NPTEL               |
| 2     | Mr.S.Venkateswaran   | Civil      | Introduction to Machine Learning (Tamil)                      | NPTEL               |
| 3     | Mrs.E.Vinodha        | Civil      | Plastic Waste Management                                      | NPTEL               |
| 4     | Mrs.E.Vinodha        | Civil      | Effective Writing   | NPTEL               |
| 5     | Mrs.E.Vinodha        | Civil      | Introduction to Civil Engineering Profession                  | NPTEL               |
| 6     | Mrs.E.Vinodha        | Civil      | NBA Accreditation and Teaching Learning in Engineering (NATE) | NPTEL               |
| 7     | Ms.S.Arthi           | Civil      | Plastic Waste Management                                      | NPTEL               |
| 8     | Ms.K.Shalini         | Civil      | Effective Writing   | NPTEL               |
| 9     | Mrs.S.Vishnuvardhan  | Civil      | Basic Construction Materials                                  | NPTEL               |
| 10    | Mrs.R.Beaula Jasmine | Civil      | Building Material and Composite                               | NPTEL               |
| 11    | Mrs.R.Beaula Jasmine | Civil      | Admixtures and special Concretes                              | NPTEL               |
| 12    | Mrs.S.Vishnuvardhan  | Civil      | Research Methodology  | NPTEL               |
| 13    | Mr.S.Venkateswaran   | Civil      | Design of Reinforced Concrete Structures                      | NPTEL               |
| 14    | Mrs.E.Vinodha        | Civil      | Geotechnical Engineering Laboratory                           | NPTEL               |
| 15    | Mrs.S.Arthi          | Civil      | Geotechnical Engineering Laboratory                           | NPTEL               |
| 16    | Mr.N.Vimalraj        | Civil      | Advanced Concrete Technology                                  | NPTEL               |
| 17    | Mr.N.Vimalraj        | Civil      | Advanced Concrete Technology                                  | NPTEL               |
| 18    | Mr.S.Venkateswaran   | Civil      | Design of Connections in Steel Structure                      | NPTEL               |
| 19    | Mr.S.Venkateswaran   | Civil      | Strength of Materials   | NPTEL               |
| 20    | Mrs.R.Beaula Jasmine | Civil      | Plastic Waste Management                                      | NPTEL               |

## STUDENTS ONLINE COURSE COMPLETION (2023-2024)

| S.NO | COURSE NAME                            | NAME                   | CERTIFICATE TYPE |
|------|--|------------------------|------------------|
| 1    | Quantitative Aptitude Basics           | PUSHPAPRIYA A          | Great Learning   |
| 2    | Quantitative Aptitude Basics           | PUSHPAPRIYA A          | Great Learning   |
| 3    | Quantitative Aptitude Basics           | MAAGESH S              | Great Learning   |
| 4    | Quantitative Aptitude Basics           | RAJAB FATHIMA A        | Great Learning   |
| 5    | Python for Data Science                | SAMEERA SAMEEM N K     | IIT Madras       |
| 6    | Python for Data Science                | PRIYANKA L             | IIT Madras       |
| 7    | Python for Data Science                | TANUSHRI               | IIT Madras       |
| 8    | Python for Data Science                | KAMALESH S             | Great Learning   |
| 9    | Python for Data Science                | SURYA S                | IIT Madras       |
| 10   | Full Stack Software Assessment         | BALAMANIKANDA N M      | Coursera         |
| 11   | Agile for Beginners                    | SWETHA M               | Great Learning   |
| 12   | Agile for Beginners                    | YASHWARTHINI M         | Great Learning   |
| 13   | Agile for Beginners                    | SHARMILA B             | Great Learning   |
| 14   | Agile for Beginners                    | SADIQ BASHA            | Great Learning   |
| 15   | Agile for Beginners                    | MADHAN R               | Great Learning   |
| 16   | Introduction to MATLAB                 | SANJAY K               | Great Learning   |
| 17   | Data Structures in C                   | ABDUL JABBAR SIDIQUE S | Great Learning   |
| 18   | Virtuals for Cloud Computing           | BANU PRIYA K           | Great Learning   |
| 19   | Power Point for Beginners              | BANU PRIYA K           | Great Learning   |
| 20   | Data Structures in C                   | BANU PRIYA K           | Great Learning   |
| 21   | Introduction to IoT                    | BANU PRIYA K           | Great Learning   |
| 22   | Introduction to JAVA Scripts           | BANU PRIYA K           | Great Learning   |
| 23   | Excel Trips and Tricks                 | GAYATHRI G             | Great Learning   |
| 24   | Data Structures in C                   | GAYATHRI G             | Great Learning   |
| 25   | Smart English Basics for Professionals | GAYATHRI G             | Great Learning   |
| 26   | Python fundamentals for Biginners      | GAYATHRI G             | Great Learning   |
| 27   | Introduction to Machine Learning       | GAYATHRI G             | Great Learning   |
| 28   | Electric Vehicle Design                | GAYATHRI G             | Great Learning   |
| 29   | Selenium Basics                        | GAYATHRI G             | Great Learning   |
| 30   | Introduction to Electric Vehicle       | GAYATHRI G             | Great Learning   |
| 31   | Binary Trees                           | ISHWARYA C             | Great Learning   |
| 32   | Data Structures in C                   | ISHWARYA C             | Great Learning   |

|    |                                   |                 |                |
|----|-----------------------------------|-----------------|----------------|
| 33 | Google Slides                     | KOTHANTAPANI V  | Great Learning |
| 34 | Excel for intermediate level      | MADESH K        | Great Learning |
| 35 | Front End Development CSS         | MADESH K        | Great Learning |
| 36 | Front End Development HTML        | MADESH K        | Great Learning |
| 37 | OOPs Concepts in C++              | MADESH K        | Great Learning |
| 38 | Introduction to JAVA Scripts      | MADESH K        | Great Learning |
| 39 | Data Structures in C              | MADESH K        | Great Learning |
| 40 | ChatGPT for Beginners             | MADESH K        | Great Learning |
| 41 | Java Algorithms                   | MADESH K        | Great Learning |
| 42 | Introduction to Ethical Hacking   | MADESH K        | Great Learning |
| 43 | Application of Cloud Computing    | MADESH K        | Great Learning |
| 44 | Introduction to Digital Marketing | MADESH K        | Great Learning |
| 45 | OOP in JAVA                       | MADESH K        | Great Learning |
| 46 | Introduction to JAVA              | NAGARAJA V      | Great Learning |
| 47 | Python fundamentals for Beginners | NAGARAJA V      | Great Learning |
| 48 | Introduction to MATLAB            | SANJAY K        | Great Learning |
| 49 | Data Structures in C              | RISHI KUMAR S   | Great Learning |
| 50 | Algorithm in C                    | ROHITH KUMAR R  | Great Learning |
| 51 | Data Structures in C              | ROHITH KUMAR R  | Great Learning |
| 52 | Statics for Machine Learning      | SAMYUKTHA K     | Great Learning |
| 53 | Data Structures in C              | SANDHIYA R      | Great Learning |
| 54 | Virtual Cloud Computing           | SANDHIYA R      | Great Learning |
| 55 | Data Structures in C              | SATHISH KUMAR B | Great Learning |
| 56 | Cloud Computing Service Model     | SWATHI P S      | Great Learning |
| 57 | Encryption Basics                 | SWATHI P S      | Great Learning |
| 58 | Excel Tricks and Tricks           | SWATHI P S      | Great Learning |
| 59 | Android Application development   | SWATHI P S      | Great Learning |
| 60 | Data Structures in C              | TEJASHWINI A    | Great Learning |
| 61 | Function in Python                | TEJASHWINI A    | Great Learning |
| 62 | Introduction to Cyber Security    | TEJASHWINI A    | Great Learning |
| 63 | Python DS                         | TEJASHWINI A    | Great Learning |
| 64 | Python fundamentals for Beginners | TEJASHWINI A    | Great Learning |
| 65 | Python Lists                      | TEJASHWINI A    | Great Learning |
| 66 | Types of Cyber security           | TEJASHWINI A    | Great Learning |
| 67 | Data Structures in C              | VEERAMANI S     | Great Learning |
| 68 | Data Structures in C              | YAMINI N S      | Great Learning |
| 69 | Social media Marketing            | YAMINI N S      | Great Learning |
| 70 | Electrical Safety Procedures      | HARIHARAN       | Mind Luster    |

|    |   |                    |              |
|----|---|--------------------|--------------|
